Prepared By:  
**Shivam Dixit**

According to the Garuda Purana, death is not the end but a transition of the soul (Atman) from one body to another based on its past karma. It describes death as the moment when the soul departs from the physical body, guided by messengers of Yama, the god of death. This process is determined by one's actions in life, and the soul undergoes judgment in the after life

# Parichay - WAWY

We Offer our customer and customer's loving one's a well planned and well ritualistic After Life Journey  
By Following Vedas and Holy Scriptures

The Idea comes Under a Thought

**“If a person born every second then there is already a person died”**

If hospitals can eliminate old home deliveries of children, why can't we offer a well-planned afterlife process —one that is real, transparent, and conducted in a genuinely religious manner?

Because of today's hectic life, many people do not have the time to learn or remember traditional funeral practices. Additionally, not everyone is capable of handling these responsibilities after the passing of a loved one. Some individuals may also experience a "**lonely death**" with no one to perform their final rites.

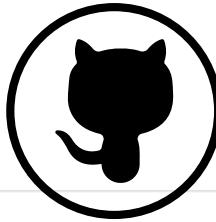

To address this, we offer a **comprehensive and well-planned** cremation process, ensuring a respectful and religiously authentic farewell. Our main services include:

- **Selection of Cremation Sites –**  
Assistance in choosing the appropriate location based on religious and personal preferences.
- **Invitation and Information Delivery**  
– Managing communication with relatives and loved ones.

- **Ritual Management** – Arranging and overseeing all religious rites according to the deceased's faith.
- **BODY Transportation** – Coordinating the transfer of the deceased to the cremation site.
- **Accommodation Arrangements** – Providing lodging options for family members and attendees.
- **Post-Cremation Bhojan (*Funeral Feast*)** – Organizing traditional meals as per specific religious customs.
- **Annual Rituals & Barsi Handling** – Managing yearly remembrance ceremonies.
- **Memorial Page Creation** – Setting up an online tribute for the deceased.
- **Professional Videography (Optional)** – Capturing the rituals for distant family members, if requested.

- **Consultation with Maha Brahmins –**  
Verified priests from Vrindavan, Kashi, Varanasi, Gaya Ji, etc., ensuring authenticity.
- **Donation & Payment Tracking –**  
Managing charitable contributions and associated payments.
- **Legal Guidance & Cremation Certificate –** Assisting with official documentation and legal formalities.
